Dear Prof. Lingaraja Gandhi,

It was a memorable experience for me to visit your University and participate in the First Annual Convocation. The care with which you have organised the function and the impeccable arrangements speak volumes of the exceptional professionalism you and your colleagues brought to bear for this memorable event. I personally would like to thank you for making me a part of the same and the beautiful experiences of my visit will be permanently etched in my memory. I pray for you and the University the very best of success in the coming years.

With warm regards,
